Dear TASIS Dorado Students:

We hope this communication finds you well!

With summer approaching, we wanted to provide you with a list of different opportunities and programs geared towards volunteering and community service.

The volunteer service graduation requirement is 100 total hours. That averages out to at least 25 hours every high school year (i.e., ninth through twelfth grade). Moreover, every summer after eighth grade can serve as a time to get involved in your community, volunteer, and work towards this graduation requirement.

The next pages include information for both in person and online volunteer service opportunities.

Due to the pandemic, some options and/or programs may not be available. Nonetheless, we felt it was important to list them.

If you have any questions and/or concerns, please do not hesitate to contact us!

Sincerely,

The TASIS Dorado Secondary Division Volunteer Service Committee

Virtual Volunteer Service Opportunities:

The platforms explain everything and the accounts you create monitor the projects you complete. However, you yourself would have to keep a time log. Every time you log into the websites and work on something, you must make sure to write down the date and the total time spent working.
